## **D6.8 Collection of Articles**

Umweltbüro Nord e.V.  
(Environmental Office North, registered association)  
Germany

## Overview and Content

In the application, we called this deliverable “Collection of articles”.

During the EGS project, a lot of dissemination material was produced – and collected. To prove our activities properly, at the end we provide here five folders:

- **D6.8\_collection\_of\_articles** obtains 63 documents like press release and copies of newspaper articles from the DA (de-centralised activities)
- **D6.8\_collection\_others** obtains 81 documents like newsletters, posters, invitations to events and pictures from the DA
- **D6.8\_newsletter\_CA** obtains the seven editions of EGS newsletter (centralised activity, CA)
- **D6.8\_other\_CA** obtains some documents like the EGS leaflet and the final project brochure (both documents in different language versions), the EGS logo, the invitation to the international school congress “Energy efficiency in schools” and the EGS video clip (CA)
- **D6.8\_pressrelease\_CA** obtains the eight EGS press releases (CA)

For an overview on these documents and on all EGS dissemination activities, please use D6.9 dissemination report.

For access to the single files, please use D6.3 dissemination plan.
